### DOUĂ RÎNDUNELE

Două rândunele  
 jucăușe  
 Își făcură cuib  
 în dosul ușii –  
 Au muncit trei zile  
 pe-ndelete,  
 Pân' și-au prins căsuța  
 de perete.  
 Iar acum se joacă  
 pe afară –  
 Mai frumos ca ele  
 cine zboară?

Lunecă pe valuri moi,  
 Grațioasă cifra doi.

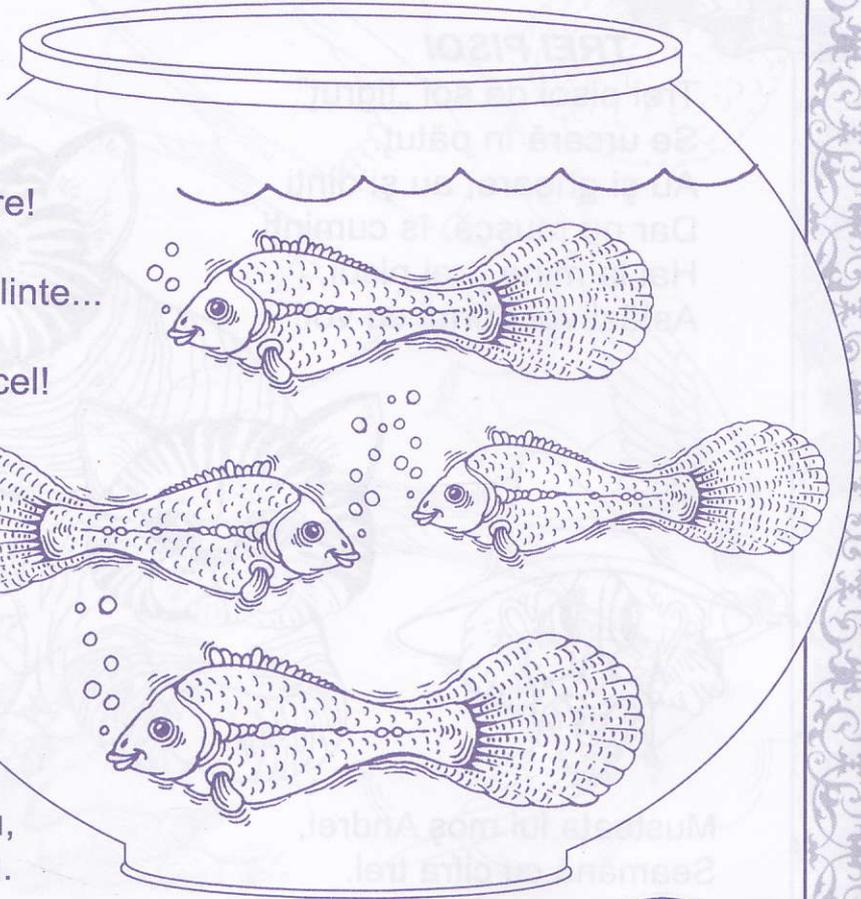

A large grid for handwriting practice. The first row contains ten small 'm' characters. The second row contains ten small 'r' characters. The third row contains ten small heart shapes. The next four rows each contain ten small '2' characters for tracing. The final row contains ten small 'X' characters for tracing.

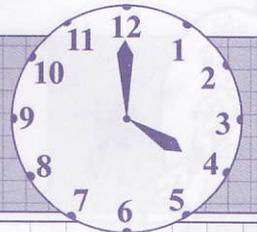

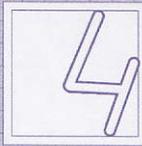

### PATRU PEȘTIȘORI

În acvariu e serbare:  
 Peștii au primit mâncare!  
 Ionel, băiat cuminte,  
 Le-a dat patru bobi de linte...  
 Patru gupe râd de el:  
 – Dă-ne câte-un dovlecel!

Fulgerul pe cer albastru,  
 Se preface-n cifra patru.

A large grid for handwriting practice. The grid contains several rows of dashed numbers for tracing. The first row consists of vertical dashed lines. The second row consists of right-angled corner shapes (L-shapes) made of dashed lines. The third row consists of the number 4 made of dashed lines. The fourth row consists of the number 4 made of dashed lines. The fifth row consists of the number 4 made of dashed lines. The sixth row consists of the number 4 made of dashed lines. The seventh row consists of the number 4 made of dashed lines. The eighth row consists of inverted V-shapes made of dashed lines. The ninth row consists of V-shapes made of dashed lines.
