"If we do not heal inside the brain, we can never
heal inside the body. Do not forget, the body
follows the mind"

Niculina Sheorghita - "Regaining your inner power"

"As soon as you wake up, say a statement.
Eg: May it be God's will today. Today is a day full of
achievements; thank you for this perfect day. Miracles
come one after another and they do not stop.
Make this a habit and you will see how miracles
occur in your life."

Florence Schovel Shinn - "The game of life and how to play it"
