

„Știi, atunci când suntem triști, ne plac apusurile de soare.“

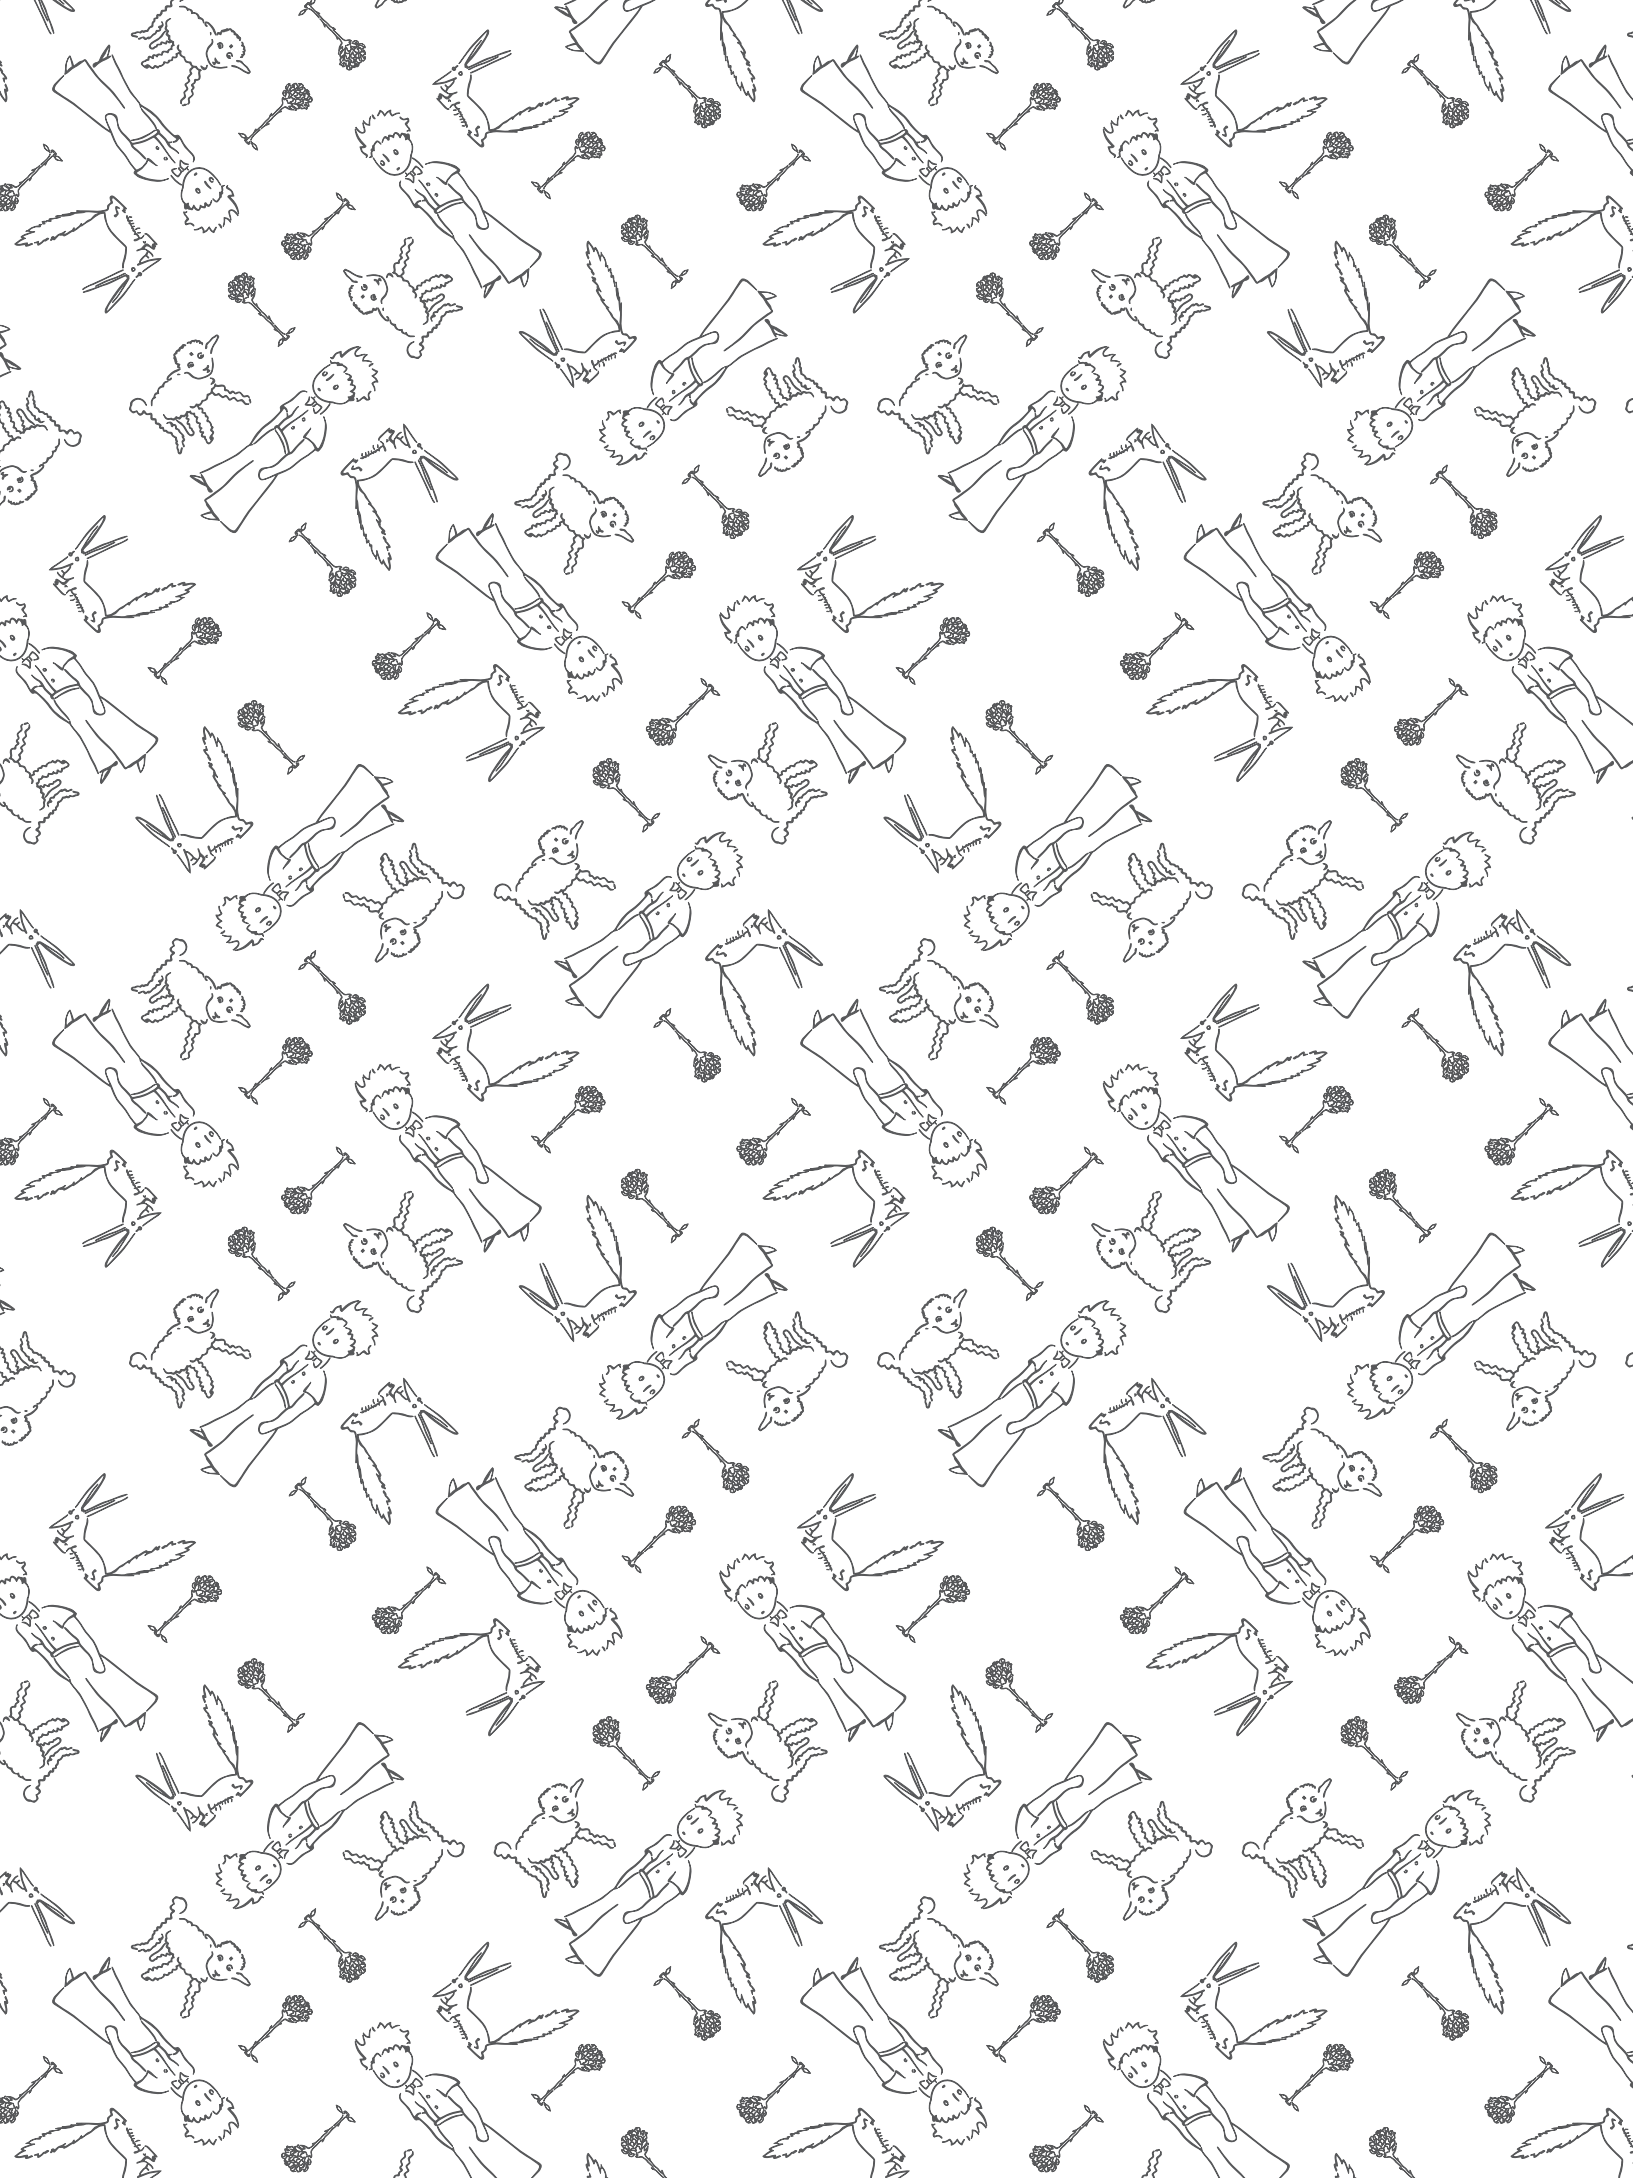

„Vrei să spui că în ziua celor patruzeci și trei de apusuri erai atât de trist?”

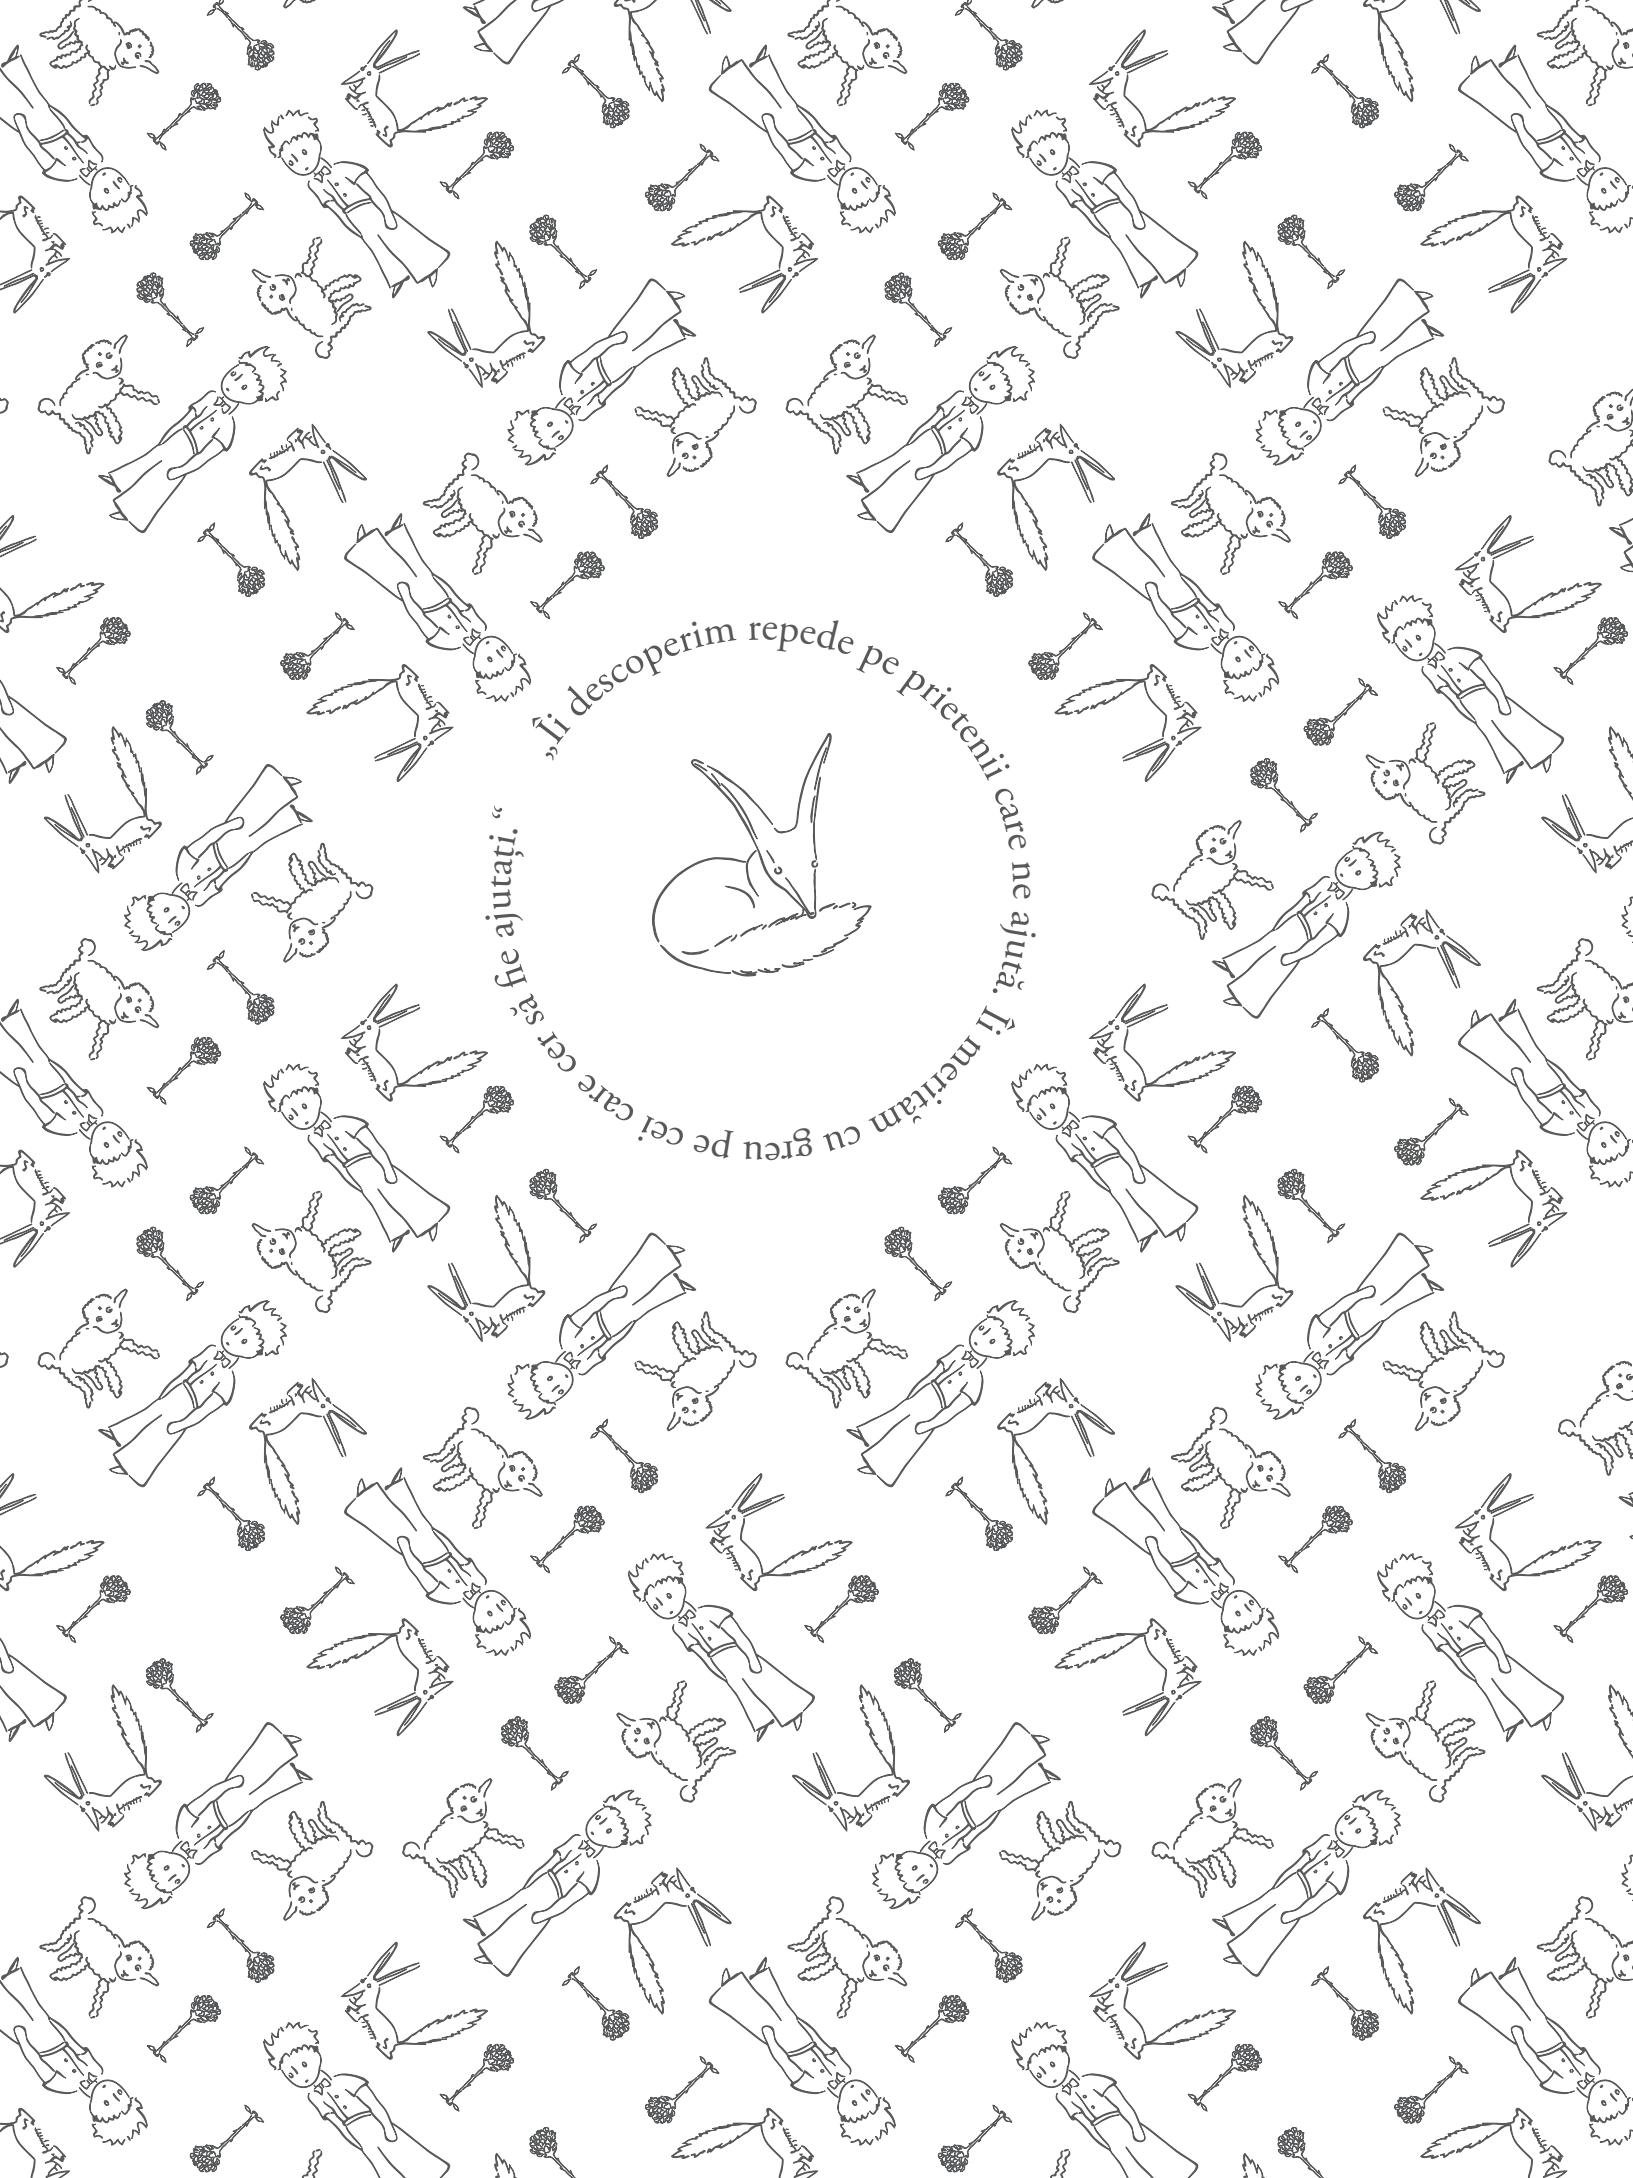

The image features a dense, repeating pattern of stylized rabbits and small flowers. The rabbits are depicted in a simple, line-art style, facing right. They have long ears and are shown in a hopping or running motion. Interspersed among the rabbits are small, four-petaled flowers. The pattern is consistent across the entire page, with the text centered in the middle.

„Nu mă rănești dacă ești diferit de mine,
fratele meu, ci mă faci mai bogat.“
