# Good Morning Spring

When flower bells ring  
And lovely birds ping,  
It's time to sing  
Good morning spring!

## Spring Days

I like spring days,  
With ticklish sunrays  
And tunes in the air.  
There is joy everywhere.

# It's Spring

The sun melts the snow,  
The bear leaves the burrows,  
The fox leaves the den,  
It's spring again!
