LEVEL 4

Re-told by: Paul Shipton
Series Editor: Melanie Williams

Years ago, Andy played with his toys every day. His favorite toys were Woody the cowboy and Buzz the space ranger.

But now Andy was older. It was time for college.

Andy put all his toys in a big, black bag. After he left, they could go in the attic. Andy only wanted to bring Woody with him to college.

Years ago, Andy played with his toys every day. His favorite toys were Woody the cowboy and Buzz the space ranger.

But now Andy was older. It was time for college.

Andy put all his toys in a big, black bag. After he left, they could go in the attic. Andy only wanted to bring Woody with him to college.

Later, Andy's mom saw the bag outside Andy's room.

She thought it was trash, but really it was Andy's toys.
She took the bag outside.

Woody watched her from the door of Andy's room.

"Oh, no!" he said. "Andy's mom is making a mistake.
That bag is for the attic. It isn't trash! I must save my
friends!"

The toys got out of the trash bag and into a box with SUNNYSIDE on it.

“Jump out!” Woody cried.

“Perhaps the Sunnyside Daycare Center is better for us,” said Buzz.

“No! Andy’s mom made a mistake!” cried Woody.

Suddenly, Mom shut the car door. But Woody was in the car, too!

Mom drove to Sunnyside Daycare Center.

At the daycare center, a teacher took the box of toys to one of the classrooms. There were a lot of toys there.

“Welcome to Sunnyside!” said a pink bear. His name was Lotso.

Andy’s toys liked this place.

“We can have a new life here,” Jessie said.

“Let’s stay!” cried Slinky Dog.

But Woody was not happy.
