

Odată cu primăvara se apropie și Paștele. În acele zile ciocnim ouă roșii, sau de alte culori, atent și frumos decorate.

Zarvă mare în ogradă. Găini, rațe, găște, toate numără și verifică ouă.

O parte se opresc pentru clocit, restul merg la vopsit.

Iepurașul a venit deja în control. A început? Sau mai așteaptă?
