Ariciul

Ariciul e un ghem de ace.
Dintr-un cerc, deci, îl vom face.
Capul, jos un triunghi mic
Cu vârful ca un botic,
Iară ochiul o să-i fie
Rotund, cât o gămlie.
În cerc punem multe ace
Vulpea să îl lase în pace.

- Adăpostește câte un arici sub fiecare ciupercuță.

- Fă-ți singur jucării!

- Materiale:
- un cartof tăiat la bază,
 - piper,
 - ienibahar,
 - scobitori.
