DESENĂM PAS CU PAS

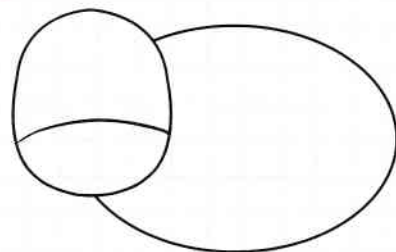

VĂCUȚĂ

Ghidat de-acest simpatic tigrișor,
Să desenezi o văcuță e relativ ușor.
Întâi faci un oval culcat,
Apoi altul mai mic, tăiat.
Îi mai faci urechi și coarne,
Negreșit, patru picioare,
Coadă, pete pe spinare,
Și te-apuci de colorare.

CĂȚEL

Mai poți zăbovi nițel
 Pentru-a face și-un cățel.
 Cap rotund, trunchi alungit,
 Urechi, bune de-auzit,
 Picioare, ochi, gură, nas,
 Și o pată pe obraz.
 Mai exact, ochi colorat,
 Ca să semene-a... pirat.

Desenează și tu un câțel!
