I've. Destroyed. Everything.

Me and Nick have been friends for, what, four months now? It sounds like no time at all but it feels like FOREVER. He's my best friend in the whole world. I don't

know how that happened. First we were just two guys who sat next to each other in form. Then he asked me to join rugby - OBVIOUSLY I said yes, just so I could hang out with him more. Then we were going round each other's houses. Telling each other everything.

But then I had to go and kiss him.
stupid stupid STUPID

Of course he rejected me.
of course.

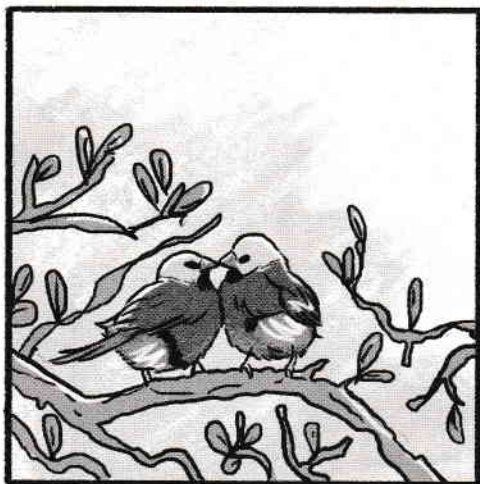

God, that look in his eyes when
he walked away..

I guess that's what happens when
you fall for a straight boy.
