Present simple**Use**

We use the present simple to talk about:

- habits, things that we do regularly.
We usually go to the park after school.
- facts, things that are always or usually true:

Time expressions

- We often use these time expressions with the present simple:

every day/week/month, once/twice/three

- These time expressions come at the beginning or end of the sentence.

My dad starts work at eight every day.*
- We also use adverbs of frequency (*always, usually, often, sometimes, never*) with the present simple. They come **before** the main verb.

Peter never tidies his room.

Do you always get up at seven?

And **after** the verb *be*.

I'm never late for school.

He isn't usually busy on Sundays.

Present continuous**Use**

We use the present continuous to talk about:

We often use these time expressions with the present continuous:
