Urmărim cu degetele marginile decorative, respectând direcția indicată de săgeți. Trasăm pe rând fiecare linie, folosind creionul colorat.

Observăm forma caligrafică a literelor mici și mari. Alegem un model pe care să îl imităm sau desenăm, care să împrumute forma literei învățate.

Parcurgem drumul prin labirint, cu creionul, pentru a descoperi grupul de litere învățat.

Colorăm desenul care arată cum credem că ne-am descurcat la scrierea după model a literelor mici și mari de mână.

Ne testăm cunoștințele în cadrul fișelor de evaluare de la paginile 27 și 59, iar cadrul didactic ne oferă calificativul potrivit.

Ne antrenăm pentru scrierea de mână, folosind exercițiile de la pagina 72.
