

Foreword.....	5	1.4 The functional anatomy of the male genitalia.....	87
Preface.....	6	1.4.1 The external genitalia.....	87
<b>PART ONE – NORMAL SEXUALITY</b>			
<b>Chapter 1.</b>			
<b>Fundamental data of human sexology.....</b>			
1.1 The sexualization of the human body.....	13	1.4.2 The internal genitalia.....	92
1.2 The neuroanatomy and physiology of the sexual intercourse.....	18	1.4.3 The accessory glands of the reproductive system.....	97
1.2.1 The cerebral cortex.....	19	1.4.4 The seminal fluid.....	99
1.2.2 The diencephalon (The intermediate brain or primitive basal ganglia).....	21	1.4.5 The congenital malformations of the genitalia.....	100
1.2.3 The limbic lobe (The limbic system).....	29	<b>1.5 Erogenous zones and organs in male and female.....</b>	
1.2.4 The reticular substance.....	30	<b>Chapter 2.</b>	
1.2.5 The brainstem.....	30	<b>The sexual intercourse.....</b>	
1.2.6 The spinal cord.....	30	2.1 Types of human sexual relationships.....	106
1.2.7 The analyzers.....	32	Overview.....	106
1.2.8 The anatomical and the functional features of sexuality in relation to the nervous system.....	35	Classification.....	108
1.3 The functional anatomy of the female genitalia.....	39	2.2 The normal sexual intercourse.....	108
1.3.1 The external genitalia (The vulva).....	39	2.2.1 The physiology of the normal sexual intercourse.....	108
1.3.2 The internal genital organs.....	46	The sexual excitation and erection period (foreplay).....	108
1.3.3 The vaginal area of Hypereroticism.....	51	The copulation period (the coitus itself).....	114
1.3.4 The accessory glands of the genital system.....	77	The ejaculation and the orgasm period.....	115
1.3.5 The congenital malformations of the genitalia.....	79	The resolution period.....	119
		2.2.2 The neurophysiological regulation of the male sexual function.....	120
		2.2.3 The influence of the sexual intercourse on the human body.....	121
		2.2.4 Age in relation to sexuality.....	123
		When should the sexual life begin?.....	125
		The first sexual intercourse.....	128

The adolescent male.....	128	The benign inguinal lymphogranulomatosis .....	179
The adolescent female .....	129	The chancroid .....	180
The adult virgin female .....	131	Acquired Immunodeficiency Syndrome	
Accidents and incidents of the first sexual		(AIDS).....	180
intercourse .....	132	The infection with hepatitis B virus (HBV).....	188
The best time to procreate .....	132	The infection with hepatitis C virus	
The frequency of the sexual activity		(HCV) .....	191
in male in relation to age .....	133	The donovanosis	
The sexual intercourse in the elderly .....	136	(the tropical venereal granuloma) .....	191
2.2.5 The sexual intercourse		The sexually transmitted urethrites.....	192
in different situations.....	142	The gonococcal urethrites.....	193
During menstruation.....	142	The urogenital trichomoniasis .....	193
During pregnancy .....	143	The fungal infections .....	194
During the postpartum period .....	144	The infection with HPV .....	195
In the obese women.....	145	The genital herpes.....	199
The forced sexual intercourse (rape).....	146	Molluscum contagiosum.....	200
The sexual intercourse in individuals		Giant condyloma	
with pathological disorders.....	148	(Giant mucocutaneous papillomatosis).....	200
In individuals with sexual dysfunctions .....	151	Venereal lymphogranulomatosis	
In individuals with a different		(Nicolas-Favre disease) .....	200
intellectual condition.....	152	The cytomegalic inclusion disease.....	201
At work.....	153	The infection with Mycoplasma.....	202
Interracial.....	154	The infection with Gardnerella Vaginalis.....	202
Sexual intercourse and family.....	159	The infection with Ebola.....	202
2.2.6 Endogenous and exogenous factors that		Phthiriasis pubis (pediculosis) .....	203
influence the sexual intercourse.....	163	Scabies.....	203
Endogenous factors.....	163	The sexually transmitted diseases	
Exogenous factors .....	163	of the oral cavity.....	204
2.2.7 The risk factors		The oropharyngeal herpes .....	204
of the sexual intercourse .....	170	Tonsillitis and gonococcal pharyngitis.....	204
Accidents and incidents occurring during the		The oral condyloma .....	204
sexual intercourse.....	170	Syphilis in the oral cavity.....	205
The sexually transmitted diseases		The oropharyngeal mycosis .....	205
(STDs).....	170	The infection with hepatitis virus B and C.....	205
The consequences of STDs .....	170	The infection with HIV .....	205
The sexually transmitted disease		The infection with HPV	
of the vagina and penis .....	172	(see Genital condylomatosis) .....	205
Syphilis.....	172	The sexually transmitted diseases	
The gonococcal infection.....	176	of the anus and rectum.....	205

Syphilis.....	205	The dysfunction of copulation.....	242
Gonorrhea (Blennorrhagia).....	206	The ejaculatory dysfunction.....	242
AIDS.....	206	The orgasmic dysfunction.....	245
The infection with hepatitis C.....	206	1.4.2 The sexual dysfunction in females.....	245
The soft chancre.....	206	The sexual dysfunction of the libido.....	245
The subacute inguinal lymphogranulomatosis ...	207	The erectile dysfunction.....	248
The venereal granuloma .....	207	The dysfunction of copulation.....	248
The anal-perineal condylomatosis		The dysfunction of orgasm.....	251
(The perianal warts).....	207	1.4.3 Clinical forms of sexual	
		dysfunction in males and females .....	253

## PART TWO – PATHOLOGICAL SEXUALITY

### Chapter 1.

#### Disorders of the normal sexual intercourse..... 210

#### Overview..... 210

#### 1.1 Specific signs in the pathology of the sexual intercourse..... 211

#### 1.2 The clinical and paraclinical examination..... 213

##### 1.2.1 The anamnesis..... 213

##### 1.2.2 The general clinical examination..... 215

##### 1.2.3 The specialized clinical examination..... 215

##### 1.2.4 The genital examination in male and female..... 216

##### 1.2.5 The paraclinical examination..... 219

#### 1.3 Drawing up the sexological consultation sheet..... 221

#### 1.4 The classification of the sexual dysfunctions..... 223

##### 1.4.1 The sexual dysfunction in male..... 223

##### The libido sexual dysfunction..... 224

##### The erectile dysfunction..... 226

### Chapter 2.

#### Disorders of the normal sexual behaviour (the abnormal sexual intercourse)..... 255

#### Classification..... 255

#### 2.1 The minor sexual deviations..... 257

##### 2.1.1 Masturbation..... 257

##### 2.1.2 Fellatio..... 261

##### 2.1.3 Cunnilingus..... 262

##### 2.1.4 Parapareunia..... 262

#### 2.2 The major sexual deviations..... 263

##### 2.2.1 Homosexuality (homoeroticism, sexual inversion, contra-sexuality, pederasty)..... 263

##### 2.2.2 Paedophilia..... 272

##### 2.2.3 Incest..... 273

##### 2.2.4 Gerontophilia..... 275

##### 2.2.5 Fetishism..... 275

##### 2.2.6 Necrophilia..... 276

##### 2.2.7 Transvestism (Eonism)..... 276

##### 2.2.8 Zoophilia (Bestiality)..... 276

##### 2.2.9 Sadomasochism..... 277

##### 2.2.10 Exhibitionism..... 278

##### 2.2.11 Voyeurism..... 279

##### 2.2.12 Narcissism..... 279

#### 2.3 Principles of treatment of sexual behaviour disorders..... 279

<b>Chapter 3.</b>	
<b>Intersexuality</b> .....	<b>280</b>
<b>3.1 True hermaphroditism</b> .....	<b>283</b>
<b>3.2 The male pseudo-hermaphroditism</b> .....	<b>283</b>
3.2.1 Testicular feminization syndrome.....	284
3.2.2 Partial androgen insensitivity.....	285
3.2.3 The syndrome of rudimentary testes.....	285
3.2.4 Anomalies of the testosterone synthesis inducing male pseudo-hermaphroditism.....	285
3.2.5 Gonadal dysgeneses.....	286
3.2.6 The genetics of the male pseudo-hermaphroditism.....	289
<b>3.3 The female pseudo-hermaphroditism.</b> .....	<b>289</b>
<b>3.4 Clinical and paraclinical diagnosis     in intersexuality</b> .....	<b>289</b>
Genetic syndromes with genital anomalies.....	291
<b>Chapter 4.</b>	
<b>Psychosocial aspects</b> .....	<b>293</b>
<b>4.1 The sexual intercourse in drug addicts</b> .....	<b>293</b>
<b>4.2 The sexual intercourse in alcoholics</b> .....	<b>294</b>
<b>4.3 Prostitution</b> .....	<b>295</b>
History.....	295
Description.....	297
<b>4.4 The erotic literature</b> .....	<b>300</b>

<b>Chapter 5.</b>	
<b>The control of human procreation</b> .....	<b>302</b>
General information.....	302
Types of contraception.....	305

<b>Chapter 6.</b>	
<b>Biorhythm of the genital area</b> .....	<b>321</b>

<b>Chapter 7.</b>	
<b>Legal aspects of abnormal sexual intercourse</b> .....	<b>323</b>

<b>Chapter 8.</b>	
<b>Particular notions of sexuality</b> .....	<b>333</b>

<b>8.1 Practical notions regarding the female     hygiene concept in sexology</b> .....	<b>333</b>
<b>8.2 Practical notions of hygiene     in male sexology</b> .....	<b>339</b>
Dictionary of terms.....	342
Alphabetical Index.....	350
References.....	353
